

Come and join us

**The world is changing and Damartex UK Ltd is evolving!** The environment in which we operate has changed dramatically over the last few years. Throughout its history, the Damartex Group has always been able to adapt itself to grasp new opportunities. Our ambition to be the European leader of the Seniors market is as strong as ever – and we are continually developing and building our business to ensure this is achieved.

Our market is made up of different types of seniors. Focusing on our customers, listening to them and respecting their individuality is the key to our continued success. The seniors market is a growing and exciting one – there are over 150 million seniors in Europe and a growth of 30% is expected in the next 20 years.

In order to increase our growth potential, brand portfolio management is an essential part of the Damartex strategy and will ensure we meet the expectations of all our customers. As well as Damart, Damart Sport, Afibel, Delaby, la Maison du Jersey, Jours Heureax and Sedagyl are all quality brands available to our customers across Europe – we are located in France, Belgium, Switzerland, Germany and of course the UK.

Our brand values also contribute to building our future – Innovation, Consideration, Vitality and Pleasure are all experiences we offer our customer and continue to develop to enhance our offer.

So, what kind of person works at Damart? A critical cornerstone in helping us to achieve our ambition are our 'values' – being 'Passionate about our Customers', adopting a 'Team Spirit', always thinking about the 'Spirit of Innovation', being 'Entrepreneurial', and always being 'Performance Focused'. These are at the heart of everything we do and embraced by every single employee.

Within the UK, we are continuing to develop a multi-channel distribution model so we can establish a 360 degree relationship with our customers. Mail order and catalogues remain dominant – however, the exceptional growth of Seniors with expectations of and skills in modern technology means that the number of orders placed via our website has seen exceptional growth. We also continue to sell via a small number of retail outlets.

Based in West Yorkshire, we currently employ 850 people, all working together to deliver and achieve our ambition. So come and be part of our exciting future, and forge a career with one of the leading names in the clothing industry.
